Buenos Aires & Patagonia Adventure

Legendary Glaciers of Patagonia & Sizzling Passion of Buenos Aires

February 13-20, 2010

7 nights / 8 days

Source Events invites you to experience spectacular Patagonia and sizzling Buenos Aires.

Our adventure begins on a summer Valentine's Weekend in Buenos Aires, a seductive city overflowing with energy. We'll then travel to the magical land of Patagonia, an epic landscape of spectacular glaciers and soaring mountain peaks. On the shores of turquoise Lago Argentino in Glacier National Park is a spectacular sight: the massive Moreno Glacier, one of the few glaciers in the world that is still advancing. We'll explore the glacier by boat and on foot.

Urban, seductive and diverse, Buenos Aires is filled with beautiful people as cosmopolitan as the city itself. Whether exploring the bohemian streets, enjoying the old-world cafes, or watching the Tango, this vibrant City has it all. No wonder its one of the hottest gay destinations in the world!
